No. 15 SOUTH MERIDIAN STREET (Ground Floor), INDIANAPOLIS, IND.

HAVING had **TWENTY YEARS'** successful experience in securing *Letters Patent*, and having also a thorough knowledge of *Mechanics* as well as Patent

Law, I continue to offer my services to Inventors and Owners of Patent Property, confident of my ability to give entire satisfaction to those who desire the best protection available for their inventions.

I not only procure Patents, Trade Marks, Design Patents, Copyrights, Labels, and all forms of Protection granted by the United States and other Governments on works of Invention and Authorship, but I act as Counsel in litigated cases, or where litigation is expected or threatened. I also make investigations, when a determination of the validity or scope of any existing Patent is desired, upon which to base a purchase of such Patent, or a decision as to whether the manufacture or sale of the invention described in it can be safely undertaken.

★ TELEPHONE No. 168★

★ CHESTER BRADFORD,
PATENT LAWYER,
Solicitor of United States and Foreign
★ PATENTS ★
1233-1236 Stevenson Building,
15 EAST WASHINGTON STREET, INDIANAPOLIS, IND.

★ THE leading Inventors and Manufacturers of Indianapolis and vicinity are now and have been for years regular clients, as well as many from other portions of Indiana and other States, north, west and south. I have a reliable correspondent whose office is opposite the Patent Office, in Washington, D. C., thus giving unsurpassed facilities. This arrangement gives my clients in this portion of the country the advantage of personal consultations with their attorney, and, when necessary, personal attention at the Patent Office, in the prosecution of their cases.

I refer to the banks, express companies, mercantile agencies and leading manufacturers of Indianapolis. Inventors will find it to their interest to consult me. Promptness and efficiency guaranteed. Call or write for pamphlet. Charges always reasonable

The Best Bridge in the State of Indiana.

The new 500-foot Steel Bridge, with 38-foot Roadway, and 2½-foot walk, across White River, Kentucky ave., cost \$82,000.00. Washington street (Fogies' Run) plate girders, with numerous other City and Marion County bridges, as well as throughout the State.

The Iron Work for the Union Railway Co.'s new Illinois Street Tunnel was furnished by us; also 315-foot Wrought Iron Bridge and a 400 x 30 Steel Bridge (including masonry built by us) with many others, across Marion county and city bridges, across White River, and we refer to the workman ship and quality of material with pride.

R. L. POLK & CO.'S Indianapolis City Directory.

1899.

STREETS AND AVENUES.

THE Street Directory is an alphabetical arrangement of the names of the Streets and Avenues of the city. By the decimal system of numbering houses recently adopted in this city, one hundred numbers are allotted to each square. On streets running north and south the numbering begins at Washington street. The streets running east and west are numbered East and West from Meridian street. All other streets not commencing at either of the above points are numbered in accordance with this system. The names and numbers of intersecting streets and avenues are given in the order in which they occur, which enables one to tell between what streets a certain number is. For instance, you have 820 Harlan street: by reference to the Street Directory, you find 800 at Lexington av. and 900 at Pleasant street; consequently, the place you wish to find is between Lexington av. and Pleasant street.

The marginal letters of the alphabet refer to the nearest street car line. For example, you wish to go to 520 E. Sixteenth: you refer to Sixteenth street in the Street Directory and find that 520 would be between Central av. and Park av. and the letter "B" in the margin, then by referring to the street railway lines you find the letter "B" is the Central av. line, which is the nearest car.

WARD BOUNDARIES.

FIRST WARD—

Commencing at the northeast corner of section twenty-eight, township sixteen north, range four east; thence west along the section line dividing sections twenty-one and twenty-eight, township sixteen north, range four east and the center of Thirtieth to the center line of Dearborn street; thence south in the center line of Dearborn street to the center line of Twenty-fifth street; thence west along the center line of Twenty-fifth street to the center line of Keystone avenue; thence north along the center line of Keystone avenue to the center line of Thirtieth street; thence west in the center line of Thirtieth street to the center line of the right of way of the Lake Erie & Western Railroad Company; thence in a southerly direction with the center line of the right of way of the Lake Erie & Western Railroad Company to the center line of Twenty-third street; thence west with the center line of Twenty-third street to the center line of Cornell avenue; thence south with the center line of Cornell avenue to the center line of Nineteenth street; thence east with the center line of Nineteenth street to the center line of Cornell avenue; thence south with the center line of Cornell avenue to the center line of Massachusetts avenue; thence northeast with the center line of Massachusetts avenue to the center line of Tenth street; thence east along the center line of Tenth street to the east line of the right of way of the Belt Railroad & Stock Yard Company; thence north and east along the said east line of the right of way of the Belt Railroad & Stock Yard Company to the center line of Pendleton pike; thence northeast along the center line of Pendleton pike to the northeast line of section twenty-eight, township sixteen north, range four east, the place of beginning.

SECOND WARD—

Commencing at the intersection of the present city limits on Thirtieth street and the center line of the right of way of the Lake Erie & Western Railroad Company; thence southeast with the center line of the right of way of the Lake Erie & Western Railroad Company to the center line of Twenty-third street; thence west with the center line of Twenty-third street to the center line of Cornell avenue; thence south with the center line of Cornell avenue to the center line of Nineteenth street; thence east with the center line of Nineteenth street to the center line of Cornell avenue; thence south with the center line of Cornell avenue to the center line of Massachusetts avenue; thence southwest with the center line of Massachusetts avenue to the center line of St. Clair street; thence west with the center line of St. Clair street to the center line of Alabama street; thence north with the center line of Alabama street to the south bank of Fall creek; thence east and northeasterly with the south bank of Fall creek

to the center line of Thirtieth street; thence east with the center line of Thirtieth street to the center line of the right of way of the Lake Erie & Western Railroad Company, the place of beginning.

THIRD WARD—

Commencing at the intersection of the south bank of Fall creek with the center line of Alabama street; thence south with the center line of Alabama street to the center line of St. Clair street; thence west with the center line of St. Clair street to the center line of Meridian street; thence north with the center line of Meridian street to the center line of Pratt street; thence west with the center line of Pratt street to the center line of West street; thence north with the center line of West street to the center line of canal; thence northwesterly with center line of canal to the center line of Northwestern avenue; thence north with the center line of Northwestern avenue to the south bank of Fall creek; thence easterly and northeasterly with the south bank of Fall creek, following the meanderings of said stream to the center line of Alabama street, the place of beginning.

FOURTH WARD—

Commencing at the present city limits at the intersection of Thirty-eighth street with the center line of Meridian street; thence south with the center line of Meridian street to the center line of Thirty-fourth street; thence east with the center line of Thirty-fourth street to the center line of Delaware street; thence south with the center line of Delaware street to the center line of Thirty-second street; thence west with the center line of Thirty-second street to a point in a line parallel with and three hundred and forty feet distant and east from the center line of Meridian street; thence south parallel with the center line of Meridian street and three hundred and forty feet distant from said center line and south with the center line of Pennsylvania street to the south bank of Fall creek; thence southwestwardly and westwardly with the south bank of Fall creek, following the meandering of said stream, to the center line of Northwestern avenue; thence south with the center line of Northwestern avenue to the center line of the canal; thence southeastwardly with the center line of the canal to the center line of West street; thence south with the center line of West street to the center line of Tenth street; thence west with the center line of Tenth street to the center line of Paca street; thence south with the center line of Paca street to the center line of Indiana avenue; thence southeast with the center line of Indiana avenue to the center line of Bright street; thence south with the center line of Bright street to the center line of Walnut street; thence west with the center line of Walnut street to the center line of

Blake street; thence south with the center line of Blake street to the center line of Walnut street; thence west with the center line of Walnut street and a line extended to the center line of White river; thence in a northeasterly direction with the center line of White river to a point which would intersect the center line of Schurmann avenue extended south; thence north along said line and the center line of Schurmann avenue to the center line of Nineteenth street; thence west with the center line of Nineteenth street to the center line of Clara street; thence north with the center line of Clara street to the center line of Twenty-first street; thence east with the center line of Twenty-first street to the center line of Schurmann avenue; thence north with the center line of Schurmann avenue to the center line of the canal; thence northwest with the center line of the canal to the center line of Thirty-first street; thence east with the center line of Thirty-first street to the center line of Clifton street; thence north with the center line of Clifton street to the first alley north of Thirty-second street; thence east along the center line of the first alley north of Thirty-second street and extended eastwardly to the center line of Michigan road; thence southeasterly with the center line of Michigan road and Northwestern avenue to the center line of Thirty-second street; thence east with the center line of Thirty-second street to the center line of Senate avenue; thence north with the center line of Senate avenue to the center line of Thirty-eighth street; thence east with the center line of Thirty-eighth street to the center line of Meridian street, the place of beginning.

FIFTH WARD—

Commencing at the intersection of the center line of Indiana avenue with the center line of Bright street; thence southeast with the center line of Indiana avenue to the center line of Blackford street; thence south with the center line of Blackford street to the center line of Washington street; thence west with the center line of Washington street to the center line of White river; thence south with the center line of White river to the section line dividing sections two and eleven, three and ten, township fifteen north, range three east; thence west with said section line to the center line of Belmont avenue; thence north with the center line of Belmont avenue to the center line of Washington street; thence southwestwardly with the center line of Washington street to the center line of Wapman avenue; thence north with the center line of Warman avenue to the center line of Vermont street; thence west with the center line of Vermont street to the center line of Tibbs avenue; thence north with the center line of Tibbs avenue and the west line of section four, township fifteen north, range three east, to the center line of Tenth street; thence east with the center line of Tenth street to the west line of the first alley west of Tremont avenue; thence north with the west line of said alley to the north line of Clark's & Mick's Haughville Park addition; thence east with said north line and along the north line of Clark's Second addition to Haughville to the center line of the first road west of White river; thence southeasterly with the center line of said road to a point nine hundred and ninety-two and two-tenths feet north of the center line of Tenth street, measured at right angles thereto; thence east and parallel to the north line of Tenth street to the center of White river intersecting the center line of Schurmann avenue extended south; thence southwestwardly with

the center line of White river to the center line of Walnut street extended west; thence east with the extension of said line and the center line of Walnut street to the center line of Blake street; thence north with the center line of Blake street to the center line of Walnut street; thence east with the center line of Walnut street to the center line of Bright street; thence north with the center line of Bright street to the center line of Indiana avenue, the place of beginning.

SIXTH WARD—

1358773

Commencing at the intersection of the center line of Pratt street with the center line of Meridian street; thence south with the center line of Meridian street to the center line of Monument Place; thence around the east center line of Monument Place to the center line of Meridian street; thence south with the center line of Meridian street to the center line of Washington street; thence west with the center line of Washington street to the center line of Blackford street; thence north with the center line of Blackford street to the center line of Indiana avenue; thence northwardly with the center line of Indiana avenue to the center line of Paca street; thence north with the center line of Paca street to the center line of Tenth street; thence east with the center line of Tenth street to the center line of West street; thence south with the center line of West street to the center line of Pratt street; thence east with the center line of Pratt street to the center line of Meridian street, the place of beginning.

SEVENTH WARD—

Commencing at the intersection of the center line of St. Clair street with the center line of Noble street; thence south with the center line of Noble street to the center line of Washington street; thence west with the center line of Washington street to the center line of Meridian street; thence north with the center line of Meridian street to the east center line of Monument Place; thence with the east center line of Monument Place to the center line of Meridian street; thence north with the center line of Meridian street to the center line of St. Clair street; thence east with the center line of St. Clair street to the center line of Noble street, the place of beginning.

EIGHTH WARD—

Commencing at the intersection of Tenth street with the east line of the right of way of the Belt Railroad & Stock Yard Company; thence in a southerly direction with the east line of said right of way to the center line of Washington street; thence westwardly with the center line of Washington street to the center line of Noble street; thence north with the center line of Noble street to the center line of Massachusetts avenue; thence northeastwardly with the center line of Massachusetts avenue to the center line of Tenth street; thence east with the center line of Tenth street to the east line of the right of way of the Belt Railroad & Stock Yard Company, the place of beginning.

NINTH WARD—

Commencing at the intersection of the center line of Washington street with the east line of the right of way of the Belt Railroad

& Stock Yard Company; thence south with the east line of the right of way of the Belt Railroad & Stock Yard Company to the south line of the right of way of the Cincinnati, Hamilton & Indianapolis Railroad Company; thence west along the south line of said right of way to the center line of Rural street extended south; thence south with said line and with the corporation line of the city of Indianapolis to the center line of English avenue; thence west with the center line of English avenue to the center line of Keystone avenue; thence south with the center line of Keystone avenue to the center line of Prospect street; thence west with the center line of Prospect street to the center line of Shelby street; thence north with the center line of Shelby street to the center line of Elm street; thence northwestwardly with the center line of Elm street to the center line of Pine street; thence northeastwardly and north with the center line of Pine street to the center line of Washington street; thence eastwardly with the center line of Washington street to the east line of the right of way of the Belt Railroad & Stock Yard Company, the place of beginning.

TENTH WARD—

Commencing at the intersection of the center line of Washington street with the center line of Pine street; thence south and southwestwardly with the center line of Pine street to the center line of Virginia avenue; thence northwestwardly with the center line of Virginia avenue to the center line of Merrill street; thence west with the center line of Merrill street to the center line of Illinois street; thence north with the center line of Illinois street to the center line of Washington street; thence east with the center line of Washington street to the center line of Pine street, the place of beginning.

ELEVENTH WARD—

Commencing at the intersection of the center line of Washington street with the center line of Illinois street; thence south with the center line of Illinois street to the center line of Merrill street; thence east with the center line of Merrill street to the center line of Madison avenue; thence southwestwardly with the center line of Madison avenue to the center line of McCarty street; thence west with the center line of McCarty street and its extension west to the center line of White river; thence in a northerly direction with the center line of White river to the center line of Washington street; thence east with the center line of Washington street to the center line of Illinois street, the place of beginning.

TWELFTH WARD—

Commencing at the intersection of the section line dividing sections two and eleven, three and ten, township fifteen north, range three east, with the center line of White river; thence west with the said section line to the center line of Belmont avenue; thence north with the center line of Belmont avenue to the center line of the Washington street; thence southwestwardly with the center line of Washington street to its intersection with the north line of section nine, township fifteen north, range three east; thence west along said section line and along the north line of section eight, township fifteen north, range three east, to a point sixteen hundred and ninety-six hundredths feet west of

the northeast corner of section eight; thence south fifty-two and one-half degrees east, twelve hundred and fifteen and six hundredths feet to the center of Washington street; thence south sixty-eight and one-quarter degrees west two hundred and eighty-five feet; thence south eighty-one and six-tenths feet; thence south eighty-four and one-half degrees east three hundred and seventy-nine and five-tenths feet; thence south thirty-five degrees east, nine hundred and thirty-one and six-tenths feet to the west line of section nine, township fifteen north, range three east; thence south along said west line of section nine to the south line of the right of way of the Terre Haute & Indianapolis Railroad Company; thence in a northeasterly direction along the south line of said right of way to the south line of the north one-half of section nine, township fifteen north, range three east; thence east along said south line to the center line of Belmont avenue; thence south with the center line of Belmont avenue to the center line of Lowell street; thence west with the center line of Lowell street to the center line of Tremont avenue; thence south with the center line of Tremont avenue to the south line of section nine, township fifteen north, range three east; thence west with said section line to the west line of the east one-half of the northeast quarter of section sixteen, township fifteen north, range three east; thence south with said quarter section line seventeen hundred and twenty-seven feet, more or less, to the south line of Miller street; thence east with the south line of Miller street thirteen hundred and sixty-five and one-half feet, more or less, to the east line of section sixteen; thence south thirty-three hundred and forty-six feet, more or less, to the southwest corner of section fifteen, township fifteen north, range three east; thence east with the south line of section fifteen twenty-six hundred and seventy-nine feet, more or less, to the southeast corner of the southwest quarter of section fifteen, township fifteen north, range three east; thence south with the west line of the northeast quarter of section twenty-two, township fifteen north, range three east, twelve hundred and seventy-two and eight-tenths feet, to the old bed of White river; thence north forty-one degrees and fifteen minutes east ninety-three feet; thence north fifty-seven degrees and forty-five minutes east four hundred and ninety-seven feet; thence north sixty-one degrees east five hundred and eighty-nine feet; thence south eighty-seven degrees and fifteen minutes east one hundred and seventy-two feet; thence north seventy-six degrees and forty-five minutes east one hundred and five and one-half feet; thence north eighty-nine degrees and fifteen minutes east one hundred and fifty-two and seven-tenths feet; thence south seventy-six degrees and thirty minutes east four hundred and three-tenths feet; thence south sixty-eight degrees and thirty minutes east two hundred and thirty-seven feet, more or less, to a point two thousand and forty and forty-three hundredths feet east of the west line of the southeast quarter of section fifteen, township fifteen north, range three east; thence north parallel to the west line of the southeast quarter of section fifteen two thousand and fifty feet, more or less; thence east one hundred and nine and seventy-five hundredths feet; thence north parallel to the west line of the southeast quarter of section fifteen one thousand nine hundred and forty-eight feet, more or less, to the south line of the right of way of the Belt Railroad & Stock Yard Company; thence southeasterly with the south line of said right of way to the center of White river; thence

north with the meanderings of the center line of White river to the section line dividing sections two and three, ten and eleven, township fifteen north, range three east, the place of beginning.

THIRTEENTH WARD—

Commencing at the intersection of the center line of Elm street with the center line of Shelby street; thence south with the center line of Shelby street to the center line of Sanders street; thence west with the center line of Sanders street to the center line of East street; thence south with the center line of East street to the center line of Dunlop street; thence west with the center line of Dunlop street to the center line of Madison avenue; thence north and northwestwardly with the center line of Madison avenue to the center line of Merrill street; thence east with the center line of Merrill street to the center line of Virginia avenue; thence southeasterly with the center line of Virginia avenue to the center line of Pine street; thence northeastwardly with the center line of Pine street to the center line of Elm street; thence southeastwardly with the center line of Elm street to the center line of Shelby street, the place of beginning.

FOURTEENTH WARD—

Commencing at the intersection of Prospect street with the center line of Keystone avenue; thence south with the center line of Keystone avenue to the south line of the right of way of the Belt Railroad & Stock Yard Company; thence in a southwestwardly direction with the south line of the right of way of the Belt Railroad & Stock Yard Company to the line running north

and south from the center of section eighteen, township fifteen north, range four east; thence south with said line to the center of section nineteen, township fifteen north, range four east; thence west in a direct line with said line and with center line of Southern avenue to the center line of Madison avenue; thence north with the center line of Madison avenue to the center line of Dunlop street; thence east with the center line of Dunlop street to the center line of East street; thence north with the center line of East street to the center line of Sanders street; thence east with the center line of Sanders street to the center line of Shelby street; thence north with the center line of Shelby street to the center line of Prospect street; thence east with the center line of Prospect street to the center line of Keystone avenue, the place of beginning.

FIFTEENTH WARD—

Commencing at the intersection of the center line of McCarty street with the center line of Madison avenue; thence southeastwardly and south with the center line of Madison avenue to the south corporation line of the city of Indianapolis; thence west with said city corporation line to the east bank of White river; thence north with the meanderings of the east bank of White river to the south line of the right of way of the Belt Railroad & Stock Yard Company; thence west with said line to the center line of White river; thence north with the center line of White river, following the meanderings of said stream, to a line extended west from the center of McCarty street; thence east on said line and with the center line of McCarty street to the center line of Madison avenue, the place of beginning.

The Popular Scenic Route

BETWEEN

CHICAGO, NEW YORK and PHILADELPHIA.

SOLID VESTIBULED TRAIN SERVICE VIA

Grand Trunk Railway System

IN CONNECTION WITH THE

Picturesque Lehigh Valley Railroad, via Niagara Falls.

GRAND TRUNK NEW SINGLE ARCH DOUBLE TRACK STEEL BRIDGE OVER THE NIAGARA RIVER.

The new bridge is a single steel arch of 550 feet in length, supplemented by a trussed span, at either end, of 115 feet in length. This with the approaches, makes the total length of the bridge slightly over 1,100 feet. The railway tracks surmounting the bridge are 252 feet above the water. The bridge has two decks or floors. On the upper floor there are two tracks for railway purposes exclusively, while the lower floor contains a wide central carriageway, double electric railway tracks, and on either side passage-way for pedestrians.

As an evidence of the enormous strength of this beautiful structure, the arch is designed to carry on each railway track a load of two locomotives with four pairs of drivers each and 40,000 pounds on each pair, followed by a train of 3,500 pounds per running foot, and is designed to carry in addition a live load of 3,000 pounds per running foot on the lower floor. The general public will, however, probably be better able to arrive at a correct understanding of the enormous sustaining power of the new bridge by the fact that it is calculated to sustain a weight of something over six times the sustaining capacity of the historic Suspension Bridge, which it replaces.

COURTS.

The United States is divided into nine Judicial Circuits, in each of which a Circuit Court is held for each district within each circuit. The act of Congress approved April 10, 1869, provides as follows: "The Circuit Court in each district shall be held by the Justice of the Supreme Court allotted to the circuit, or by the Circuit Judge of the circuit, or by the District Judge of the district, sitting alone, or by the Justice of the Supreme Court and Circuit Judge sitting together, in which case the Justice of the Supreme Court shall preside, or in the absence of either of them, by the other (who shall preside), and the District Judge." The State of In-

diana comprises one Judicial District. The courts for the district are held in Indianapolis, New Albany, Evansville and Fort Wayne. The district is attached to the Seventh Judicial Circuit, which comprises the States of Wisconsin, Illinois and Indiana.

The United States Courts of the District of Indiana are organized as follows:

CIRCUIT COURT.

..THE.. MEDICAL COLLEGE OF INDIANA

Department of Medicine
University of Indianapolis

HIS College was organized in 1869, and opened its 29th session on the 27th of September, 1898. A four years' graded course, the classes being rigidly separated; *women admitted on the same terms as men*; clinical facilities first-class; *free dispensary* in the College building maintained and operated by the Faculty; new building especially erected for the institution and adapted to the requirements of advanced medical education; new clinic rooms, modern in every respect, at both hospitals.

Faculty numbers twenty-one, with twenty-three lecturers, assistants and demonstrators. For all information, address the Dean,

HENRY JAMESON, M. D.
28 East Ohio Street,
INDIANAPOLIS, INDIANA.

DEPARTMENT OF DENTISTRY

Indiana Dental College

This Department is Thoroughly Equipped to Teach Dentistry in Every Branch, Both Theoretically and Practically. The Faculty is Composed as Follows:

FOR CATALOGUE ADDRESS,

Indiana Dental College, Southwest Cor. Delaware and Ohio Sts., Indianapolis, Ind.

UNIVERSITY OF INDIANAPOLIS.

DEPARTMENT OF LAW.

The Indiana Law School

INDIANAPOLIS, IND.

FACULTY:

BYRON K. ELLIOTT, President. W. P. FISHBACK, Dean.
A. C. HARRIS. C. W. FAIRBANKS. JOHN R. WILSON.

The Annual Sessions of the Indiana Law School begin in October and the School Year closes in May. It is the purpose of this Department of the University to prepare and thoroughly train students in the science of Law so that, upon graduation, they shall be fully equipped to immediately begin the practice of their profession. The corps of instructors and lecturers embraces gentlemen who are now in the active and successful practice of the law, and whose proficiency as instructors is attested by the high standard that has been attained by the members of the graduating classes.

The location of the Indiana Law School offers exceptional advantages by reason of its proximity to the Federal Courts, the Supreme and Appellate Courts, the four Marion County Courts, and the large libraries of the Supreme Court and Bar Association of Indianapolis, to all of which students will have access. For information, address

W. P. FISHBACK, Dean, Indianapolis, Ind.

Butler College

Department of the Liberal Arts University of Indianapolis

The purpose of this department of the University is to furnish the means of a general collegiate education in the arts and sciences.

For admission to the freshman class the usual high school course in the following subjects is required : Latin, English, Mathematics, History, Physics, and one of the three languages : German, French, Greek.

Collegiate instruction, covering four years' work and leading to the degree of Bachelor of Arts, is offered in the following subjects :

<i>Botany,</i>	<i>Latin,</i>
<i>Chemistry,</i>	<i>Mathematics,</i>
<i>Economics,</i>	<i>Pedagogy,</i>

Indianapolis, Ind.

"To be first in anything is a distinction."

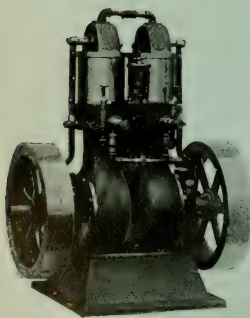

—Plato.

We believe that we have achieved the "distinction" of manufacturing and selling Oil or *Sas Motors* cheaper than the same can be bought elsewhere in America, consistent with first-class labor and material. No matter where they are or what is advertised.

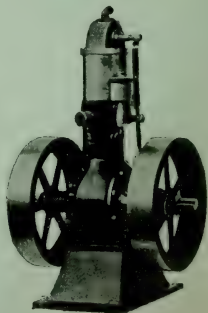

Our *Motor* differs from all other engines used for the same purpose, whether run by gas, oil or steam. We guarantee these *Motors* to run successfully on natural or artificial gas, naphtha, gasoline, benzine, coal oil, and in connection with a generator, crude oil can be used.

Single Cylinder gives power stroke every revolution, Double Cylinder gives power stroke every half revolution. For electric generators, Double Cylinder Motor gives equally as steady power as the best steam engine.
